Welcome to ESFICON & WESSCON 2025!

Dear Colleagues,

We are delighted to welcome you to ESFICON & WESSCON 2025, a landmark event bringing together spine specialists, surgeons, researchers, and healthcare professionals from around the world. This year, the conference will be held in the vibrant city of Bhubaneswar, known as the Temple City of India and a thriving hub of culture, heritage, and modernity.

The theme of the conference is "Endoscopy Redefining Spine Boundaries". For the first time under one roof, you will have the unique opportunity to learn from masters of spine surgery as they demonstrate five advanced techniques, including:

- Destandau Technique
- Unilateral Biportal Endoscopic (UBE) Surgery
- Interlaminar Full Endoscopic Surgery
- Transforaminal Endoscopic Approach
- Minimally Invasive Spine Surgery (MISS)

The conference features a comprehensive program with live surgical demonstrations, cadaver workshops, and interactive sessions, offering hands-on training and practical knowledge. With a focus on treating degenerative spine diseases—such as lumbar disc and stenosis, cervical disc, thoracic stenosis, and intradural space-occupying lesions—our goal is to equip surgeons with effective, simple, and economical techniques.

Beyond the academic sessions, Bhubaneswar provides an excellent backdrop for exploring India's rich history and culture. We encourage you to take time to experience its ancient temples, bustling markets, and authentic cuisine.

Join us at ESFICON & WESSCON 2025 to connect with global leaders, exchange ideas, and contribute to the advancement of endoscopic spine surgery.

Warm Regards,

Dr Shankar Acharya
Organizing Chairman

Dr Atmaranjan Dash
Co Organizing Chairman

Dr PC Dey
Organizing Secretary
